Lucita/Kimi: thanks so much for helping us stay on track with this work!

Once Bruce reviews, I will discuss with him and would like to review a cleaner version that retains an outstanding substantive questions, etc.

Bruce and Douglas – please see the attached comments from ORC on the DB ESA document. Huge thank you to Kimi for also thoroughly reviewing with her expert ESA eyes. The document is really close and is looking good. Let me know if you have any questions, Lucita
